TITLE	A Directory of College and University Libraries in New York State. 1973, Eighth Edition.
INSTITUTION	New York State Education Dept., Albany. Div. of Library Development.
PUB DATE	73
NOTE	144p.
EDRS PRICE	MF-$0.76 HC-$6.97 PLUS POSTAGE
DESCRIPTORS	*College Libraries; *Directories; Junior College Libraries; *Librarians; *Library Collections; Library Expenditures; Personnel Data; State Surveys; Statistical Data; *University Libraries
IDENTIFIERS	Library Statistics; *New York

ABSTRACT

This 1973 edition of the directory has been compiled primarily from data obtained from the Information Center on Education. An addition has been made in the listing of libraries of proprietary institutions offering one or more accredited degrees. The arrangement of the directory is alphabetical by name of institution. Data for each citation includes type of institution, names of principal staff members, number of volumes held, numbers of periodicals and serials received annually, annual expenditures on library materials and total operations, number of staff, and a listing of publications issued by the library. The data is gathered into two summary tables, one by name of institution and the other by size of institution. An index of head of librarians is included. (Author/SL)

FOREWORD TO EIGHTH EDITION

This 1973 edition of *A Directory of College and University Libraries in New York State* has been compiled primarily from data we obtained from the Information Center on Education. This is the third year that we have not gone directly to the field (with a few exceptions) for the information required to update this directory. In order to be consistent with other units of the Education Department, those institutions which are primarily oriented toward professional training are separated for the summary table of "Libraries by Highest Earned-Degree Granted" in appendix II. This year we have added directory information and, where available, statistics for libraries of proprietary institutions which offer one or more degrees accredited by the Regents. We have attempted to include all personnel name changes which have come to our attention.

The format of this edition continues that which was begun with the sixth edition. Cross-references and notes of institutional name change are compressed. Cross-references referring to contract colleges are omitted; they are found under "New York State..." rather than "SUNY." This edition also continues the practice of distinguishing between teletype services by following those numbers which are on the Western Union TWX network by a dagger (†) and those numbers which are on the telephone DDD network (frequently referred to as Dataphone) by an asterisk (*).

A comparison of appendix II with the 1972 data indicates that 1973 was generally a good reporting year for academic libraries. A comparison of the healthy jump in the expenditures for resources with the smaller growths of number of volumes, number of periodicals, and number of serials dramatically illustrates the effect of inflation on academic libraries. It is also interesting to note the decrease in total number of FTE professional staff and the corresponding jump in the number of FTE support staff.

COMPARISONS, CHANGE FROM 1972 TO 1973

Operating Expenses	+ 5.7%
Expenditures for Resources	+ 7.2%
Holdings - Total Volumes	+ 2.9%
Current Periodicals Received	+ 2.8%
Current Serials Received	+ 0.8%
FTE Professional Staff	- 1.2%
FTE Support Staff	+10.1%

For each entry there is a regional indicator which refers to the Reference and Research Library Resources Council program region in which the institution is located. The identifiers are used whether or not a particular institution is a participant in the 3R's program. The following symbols are used:

CD	Capital District Library Council for Reference and Research Resources
CNY	Central New York Library Resources Council
LI	Long Island Library Resources Council, Inc.
METRO	New York Metropolitan Reference and Research Library Agency, Inc.
NC	North Country Reference and Research Resources Council
RR	Rochester Regional Research Library Council
SCR	South Central Research Library Council
SENY	Southeastern New York Library Resources Council
WNY	Western New York Library Resources Council

The editor will welcome suggestions, corrections, and comments.
